IMUNOCOL Perfect

ABOPHARMA

COLOSTRUM standardized
with probiotic

ProBio

15 capsules
FOOD SUPPLEMENT

IMUNOCOL Perfect
min.35% IgG

COLOSTRUM standardized

IMUNOCOL Perfect

Excipients: water and gelatin Important: "IMUNOCOL PERFEKT PROBIO" Colostrum is natural with a probiotic and can not be overdosed. Not suitable for people with milk protein allergy. The product is not a substitute for varied meals! Do not exceed the recommended daily dose!

Net weight (for one capsule): 500 mg, 15 capsules: 7.5 g **e Storage:** In a dry and cool place, up to 30 ° C, not accessible to children.

Purpose: Colostrum is a gift from nature. It is the first source of nutrients before milk. Contains 37 natural immunomodulators and 8 growth factors. Colostrum contains all five immunoglobulins which are large protein molecules that make up more than 40% of the proteins in the blood serum. There are five classes of immunoglobulins that are present in all mammals, including humans. All of them begin with the abbreviation Ig and differ in their caps A, D, E, G, M. Each has its own unique amino acid structure and performs specific functions in the body. They appear either individually or together in different combinations. Each species can destroy or disable a specific agent. Probiotics are called "good" bacteria that participate in the normal functioning of the intestinal environment and contribute to the normal functioning of the immune system. Immunocol Perfect contains specially developed microcapsule cultures of Lactobacillus acidophilus and Bifidobacterium Longum, guaranteeing billions of living organisms without the need for special storage.

Ingredients:

	PDP for adults and children over 6 years:	PDP children over 1 year old
Recommended intake	2 capsules/day	1 capsules/day
Cow powder colostrum (35% IgG)	740 mg	370 mg
Lactobacillus acidophilus	40 mg (40 billion live bacteria)	20 mg (2 billion live bacteria)
Bifidobacterium Longum	20 mg (2 billion live bacteria)	10 mg (1 billion live bacteria)

Excipients: water and gelatin

*PDP-Recommended daily intake

Directions for use: To be taken with enough water. For easier swallowing of children up to 3 years, pour the contents of the capsule into a drink or food. Mix only with cold or lukewarm liquids and foods! It is recommended to take between meals. 1 hour before meals, not on fasting.

Sheet KOOL PATCH MEDICAL PRODUCT

Purpose: Medical patch with a cooling gel adjuvant to reduce body temperature. Non-medicinal products, fast and easy to use and placement. Suitable for both infants and adults. Gently adheres to the skin and leaves no traces. Relieves discomfort in children after immunization. The cooling effect lasts for 4 hours. It is also used for headaches, hangovers, solar overheating and local sunburn.

Gel content: Distilled water - 74.54%, glycerin - 16%, sodium polyacrylate - 6%, CMC 3.20%, Alum. - 0.08%, methyl paraben - 0.04%, propyl paraben - 0.02%, dyestuff 2% yellow N5 0.02%, dyestuff 1% blue N1 0.05%, peppermint oil - 0.05%.

Usage: 1. Cut the metal foil at the top; 2. Remove the transparent strip from the adhesive side; 3. Place the KOOL PATCH patch on clean and dry skin. Do not apply to injured skin or open wounds; 4. KOOL PATCH can be cut to the desired size; 5. To maintain maximum cooling effect, the patch should be replaced after 4 hours; 6. Bend the cut-off end of the foil wrap twice to store the second patch in it until further use.

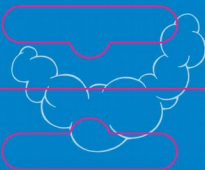

Standard size: 4 x 10 cm.

Packaging: Each foil pack contains 2 pcs. Kool Patch patches.

Storage: At normal room temperature.

MEDICAL PRODUCT

Cooling Gel Sheet is a soft gel strip that has been especially designed to relieve discomfort from fevers and other minor ailments. Cooling Gel Sheet contains non-medicated ingredients and its high water content provides a powerful cooling effect that can last up to 10 hours by absorbing heat quickly away from the body. As Cooling Gel Sheet is non-medicated it is safe to use with medications, has no side effects, requires no refrigeration, is self adhesive and is easily and painlessly removed after use. Cooling Gel Sheet works well for fevers, toothaches, headaches and sore muscles.

Use Instructions

Pull off the transparent film and apply Cooling Gel surface to the effected area. To enhance the cooling effect, place Cooling Gel in a refrigerator before use. Do not place Cooling Gel in freezer. Cooling Gel may be cut to the required size using a pair of scissors.

Storage

Keep unused sheets in the pouch, with the open folded tightly twice along the solid lines. Store in a cool dry place, away from direct sunlight. Keep out of reach of children.

RO: ABOFLEX este un produs nou și foarte eficient, având efect favorabil asupra aparatului locomotor. Îmbină într-un mod original calitățile formulei lichide, permițând o asimilație optimă cu posibilitatea consumării unor doze zilnice crescute de substanțe active. Un avantaj unic al produsului este existența acidului hialuronic cu o greutate moleculară mică, 50 kDa, elaborată special sub forma de lichid pentru administrare orală.

Destinație: Contribuie la menținerea stării normale a aparatului locomotor, articulațiilor și oaselor. Contribuie la formarea normală a țesutului conjunctiv, formarea de colagen, la funcția normală a oaselor și cartilajelor. Reduce senzația de slăbiciune și oboseală.

Compoziție/Conținut:	Doza zilnică (=30ml/	% DZR
Sulfat de glucosamină	1600mg	1100mg
Sulfat de condroitină	1100mg	1600mg
MSM (Metilsulfonil metan)	1600mg	95mg
Acid hialuronic	95mg	< 50 kDa
Mangan (Clorură de mangan)	2.31 mg	115%
Vitamina C (acid L-ascorbic)	150 mg	188%

Substanțe auxiliare: purtător: apă purificată (prin osmoză inversă); regulator al acidității: acid citric; conservant: sorbat de potasiu; agent de îngroșare: gumă xantan; stabilizator: glicerină, îndulcitor: sucraloză, stevie, arome: fructe de pădure, esență de migdală; colorant: caramel

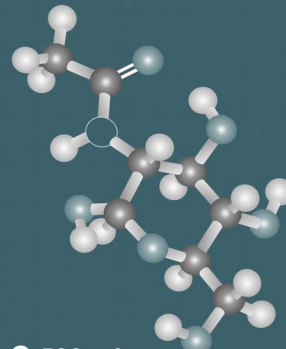

Doza recomandată: Câte 30 ml pe zi se poate bea direct sau diluat cu apă. Pentru un efect optim se recomandă ca produsul să fie consumat de 2 ori pe zi câte 15 ml timp de 3 luni. A nu se depăși doza zilnică recomandată. Suplimentul alimentar nu trebuie să fie utilizat ca un înlocuitor al alimentației echilibrate. A nu se utiliza în caz de sarcină, alăptare și de copii sub vârsta de 6 ani. A nu se utiliza în caz de intoleranță la una dintre substanțele active. Supliment alimentar cu îndulcitori.

AboCeLux

Ingredients: 1 capsule in 100g % PDP *

Vitamin C (ascorbic acid) 400mg 59.6g 520%

Zinc (Zinc Sulphate) 10mg 1.5g 100%

* PDP = recommended daily intake

Ingredients: Vitamin C (L-ascorbic acid), Zinc (zinc sulphate); other ingredients: microcrystalline cellulose, starch, dextrin, polishing agent; colorants: quinoline yellow (may have adverse effects on the activity and attention of children), titanium dioxide; microcrystalline cellulose; starch; dextrin; polishing agent; gelatin.

Purpose: Vitamin C + Zn (zinc) are important elements that contribute to the normal function of the immune system, to protect cells from oxidative stress, to reduce the sense of fatigue and weakness. They contribute to the normal function of bones, blood vessels, cartilage. Zinc contributes to maintain the normal state of vision, hair, nails, skin, normal DNA synthesis, normal cognitive function. Participates in the process of cell division. ABO Vitamin C + Zn (Zinc) Depot, through its special production formula, supplies the body with Vitamin C throughout the day. In this way, he uses all of Vitamin C without releasing unabsorbed excess.

Magnesium Oil, 200 ml

Magnesium Oil very quickly and effectively compensates any lack of magnesium in the body, which is essential mineral for over 300 enzymatic processes in the human body and also plays a key role in almost all body systems.

Magnesium Oil helps to restore the levels of magnesium in the cells. It helps to maintain proper muscle function. It relieves nervous tension. Ensure safe detoxification relieves. Eliminates muscle spasms. Improves mood and relieves stress. Magnesium improves the quality of sleep in insomnia and night awaking. It improves performance and facilitates faster muscle recovery.

Ingredients (INCI): Aqua, Magnesium Chloride, Sodium Chloride, Potassium Chloride, Magnesium Sulphate, Calcium Chloride.

Directions: Apply on skin and gently massage in. It is recommended to wash the oil not immediately after the massage, but to let a longer contact with the skin for 15-20 minutes. Do not apply to wounded and irritated skin. In cases with increased skin sensitivity should be done a test for tolerance by applying small quantity for 5 minutes.

Warnings: In case of contact with eyes please rinse immediately with plenty of water. Keep out for the reach of children.

Storage: In tightly closed original container at a cool and dry place. Do not expose to direct sunlight and high temperatures. **Manufacturer:** ABOPharma Bulgaria Ltd, 168, Tzar Boris III Blvd., 1618 Sofia, Bulgaria

30 tablets
Abopholic Meta
New improved formula with L-methylfolate

New improved formula with L-methylfolate

Purpose: L-methylfolate contributes to the normal course of pregnancy and normal functioning of the nervous system. Folate contributes to the normal growth of maternal tissues during pregnancy, normal amino acid synthesis, normal blood formation, normal homocysteine metabolism, and normal function of the immune system. Also helps reducing the feeling of tiredness and fatigue. Methylated folic acid is absorbed faster by the body than ordinary folic acid and quickly reaches levels where it successfully performs its biological functions. Group B vitamins are important for the normal formation and condition of red blood cells. They participate in the normal course of metabolism of proteins and glycogen. Can be used by people with haematological problems. They contribute to the normal functioning of the nervous system, normal synthesis in metabolism of vitamin B and some neurotransmitters, protect cells from oxidative stress, participate in the process of cell division.

Ingredients per 1 tablet:
